Resonant Conservative

RESONANT ASSET MANAGEMENT

Resonant is an established investment management and asset consulting firm with offices in Sydney and Perth, made up of highly regarded industry professionals with significant expertise across institutional investment markets.

MANAGED ACCOUNT SPECIALISTS

Resonant's primary focus is Managed Accounts, which we believe provide investors with greater flexibility, transparency and control over their investments. Unlike some investment vehicles where the fund becomes the owner of the underlying securities, when using managed accounts, the beneficial ownership remains with you, the investor.

INVESTMENT PHILOSOPHY

Resonant's core belief is that investment outperformance can be achieved by applying a rigorous, robust and repeatable investment process.

INVESTMENT APPROACH

Resonant adopt a "Quantamental" approach when it comes to portfolio management, combining traditional fundamentals-based investment analysis with the latest quantitative techniques, to achieve a "best of both worlds" approach to investing.

Resonant takes advantage of advances in data and technology, and the latest low-cost investment structures, to keep overall portfolio fees lower and pass on greater returns to investors.
